

International Symposium Committee

Symposium co-chairs:

Ray Perez
Office of Naval Research, USA

Ani Grubišić
Faculty of Science, University of Split, Croatia

Committee members:

Slavomir Stankov
Split, Croatia

Branko Žitko
Faculty of Science, University of Split, Croatia

Angelina Gašpar
Catholic Faculty of Theology, University of Split, Croatia

Suzana Tomaš
Faculty of Humanities and Social Sciences, University of Split, Croatia

Željko Agić
Corti ApS, Copenhagen, Denmark

Andrew J. Hampton
Institute for Intelligent Systems, University of Memphis, USA

Krunoslav Žubričić
Department of Electrical Engineering and Computing, University of Dubrovnik, Croatia

Timothy J. Robinson
University of Wyoming, USA

30th International Conference on Software, Telecommunications and Computer Networks

SoftCOM 2022

22-24 September 2022 // Split, Croatia

Symposium on:

Advanced Educational Technologies

Symposium Co-Chairs:

Ray Perez and Ani Grubišić
Office of Naval Research, USA (ray.perez@navy.mil)
Faculty of Science, University of Split, Croatia (ani.grubisic@pmfst.hr)

Call for Papers

Symposium on "Advanced Educational Technologies" will be held in the frame of the 30th International Conference on Software, Telecommunications and Computer Networks (SoftCOM 2022), which is technically co-sponsored by the IEEE Communications Society (ComSoc), on September 22-24, 2022 in Split, Croatia.

The main goal of this symposium is to present and discuss recent trends related to Advanced Educational Technologies (AET). Different computer-based environments introduce technologies in the educational process in order to provide learning support and enhancement. Advanced technologies have to accommodate to the needs of a new generation of learners in emerging learning contexts. They need to keep transforming not only the ways people learn but what they learn as well.

Accepted and presented papers will be published in the conference proceedings, and submitted to IEEE Xplore, as well as, other Abstracting and Indexing (A&I) databases. Authors of selected papers will be invited to submit an extended version of their manuscripts for publication in a special issue of the [Journal of Communications Software and Systems \(JCOMSS\)](https://jcoms.fesb.unist.hr/).

We cordially invite speakers who wish to present original papers on the following topics of interest:

- Instructional design principles for online courses
- Intelligent tutoring systems
- Natural language processing during learning interaction
- Adaptive learning and courseware
- Ontological modelling and semantic web technologies
- Authoring tools and development methodologies
- Learning analytics
- Knowledge assessment in online courses
- Student models and cognitive diagnosis
- Language learning environments
- Maintenance environments
- Game-based learning
- Empirical studies of learning with technologies

IMPORTANT DATES

Final manuscript due	June 24, 2022
Notification of acceptance	July 1, 2022
Camera-ready manuscript	July 15, 2022
