

## SoftCOM 2022 Conference trip: **Kaštela wine&history tour**

The name Kaštela comes from the local word for a castle. The agglomeration of Kaštela is formed from seven settlements emerging from seven castles built in 17th century along the northern coast of the Kaštela bay. Winery Sikuli is placed at the ancient settlement of Sikuli location in the western part of Kaštela. It offers a beautiful view on Kaštela bay which is almost closed with the peninsula Marjan and the peninsula/island of Čiovo. The picture includes the line of towns, from Solin, over Kaštela to Trogir, and the northern part of the city of Split. Vitturi castle from 15th century is a perfect stage for historical storytelling and sightseeing. Hotel Štacija is the best place to finish the tour with the lunch and wine tasting.
